

# ALUMI-SHINE

RESTORES SHINE + BRILLIANCE TO METAL SURFACES

## DESCRIPTION

Alumi-Shine is an all-natural, non-toxic cleaning agent that restores the shine and brilliance to metal products. It's great for aluminum boat parts, trinkets, hub caps, vehicle rims, cups and more.

Our blend of enzymes and microbes accelerate the digestion of hydro-carbons on aluminum surfaces which in turn, restores original color and shine. Great for copper, carbon steel and stainless steel too!

## BENEFITS

- Restores shine and brilliance of metal parts
- Prevents oils and dirt from redepositing on surfaces
- Effective non-toxic formula saves hours of scrubbing

## APPLICATION

Material is ready to use. Spray on surface to be cleaned. Activate with a brush and let sit for 15 minutes. Wash off with water hose or pressure washer. Repeat if necessary.

## PACKAGING STORAGE + SHELF LIFE

Recommend storing in sealed containers at <80° F for no longer than 24 months.

## GREEN DOWNSTREAM®

When it comes to Earth-Healing Technology and Products, Green Downstream® gets the Green Light.

Green Downstream® is an industry leader in biologically responsible technologies, providing safe turnkey applications of proven technology and customized products designed to solve any customer's most complex issue.

Now more than ever, Green Downstream® products, services, and support are unsurpassed at meeting the challenges and growing demands our evolving world faces daily.

## AVAILABLE SIZES

SIZE	PRICE
4 - 1 Gallon Jugs	\$66.00
5 Gallon Pail	\$75.00
55 Gallon Drum	\$726.00
